A KEYNOTE ADDRESS PRESENTED BY THE DIRECTORATE OF THE CATHOLIC YOUTH ORGANIZATION OF NIGERIA (C.Y.O.N) LAGOS ARCHDIOCESE

For God and For Youth..... Through Christ

Dear brothers and sisters in Christ, On behalf of His Grace, Most Rev. Dr. Alfred Adewale Martins, the Archbishop of the Metropolitan see of Lagos. I greet and congratulate you all on this redesigned Annual Archdiocesan Leadership Seminar (Youth Enterprise Network) 2023. We thank the Almighty and Compassionate Father for bringing you all safely to this historic occasion.

Dear young people, the future of any nation rests on the shoulders of today's youths. We live in a society that has become increasingly secularized, and technological advancement has also affected faith, to the point where some people, particularly the young, are no longer interested in God's things. Furthermore, in a world plagued by individualism, selfishness, greed, and unhealthy competition, what will become of the future of a society in which many of the youths lack adequate leadership qualities or are unable to blend with existing technological advancements in wealth creation while being Christians?

As education is the cornerstone of every community, this conference is a call to release the potential inside. For this reason, I am thrilled to welcome here all the professional speakers and panelists on employable leaders in the 21st century, God-minded leadership in a secular society, and the use of creative material to develop the next generation of leaders.

I am honoured to be here and meet you all personally. As we advance into the day, I also value the opportunity to learn from you on how this Program can continue to add value and support you all in the changing development paradigm. Change agents like you are most critical and key to developing and incorporating innovative solutions for better leadership and sustainable development in the creative world of entrepreneurs.

Dear Youths, you have been presented with an opportunity of a lifetime in this event, I therefore urge you to make the most of it. Ask many questions, pay attention, and leave here with a sound foundation to start or continue building your own future.

Would like to round up by appreciating all the companies and their resource persons who would be not only improving the leadership skills of our youths but giving them confidence to participate in job interview scenarios. We appreciate the Lagos State Employment Trust Fund, Jobberman Nigeria and Flour Mills of Nigeria for their contribution to the growth of youths in Lagos Archdiocese.

Thank you all and welcome.

For God and For Youth..... Through Christ
